"Motor traffic on the highways is a matter that is peculiarly within the jurisdiction of the local authorities, provincial and municipal."—Rt. Hon. Louis St. Laurent.

Municipal District of Flagstaff No. 62

SEDGEWICK, ALTA.

With reference to bans placed on roads, these are placed on the roads during wet weather for the protection of roads, and it is up to everyone to see that the ban is obeyed. A ban on roads means that all heavy traffic has to keep off the roads. By heavy traffic is meant trucks, tractors and trailers and also trailers behind cars. Whenever there is a heavy rain a ban will be put on all the roads in the municipal district. Only cars, and light delivery trucks when empty, are exempted. In future the council intends to prosecute any infringement of this law.

C. J. BROWN, Secretary-Treasurer.

The Village of Irma has for sometime past, had a By-Law prohibiting parking of trucks and cars in the centre of any street in the Village. CARTER-LIPINSKI

At St. Joseph's church, Edmonton, at 5:30 p.m. Saturday, the marriage took place of Stefania Katherine, daughter of Mr. and Mrs. Peter Lipinski, of Edmonton, and Mr. James Allison Carter, son of Mr. and Mrs. E. W. Carter, of Wainwright. Rev. Fr. L. Delgolyk performed the double-ring ceremony for which the church was decorated with gladioli and chrysanthemums.

The bridal procession entered the church to the strains of music suitable for the occasion, and the bride looked charming in a gown of white satin made with a full sweeping skirt, fitted bodice and long full-point sleeves. A lead design embroidered in silk and scattered with tiny pearls circled her net yoke and accentuated the front panel of the skirt. Her full-length veil was caught to a coronet of orange blossoms and she carried a cascade bouquet of red roses and white baby chrysanthemums. The bride's only jewelry was a pearl necklace with matching earrings, gifts of the groom.

Miss Wasilia Lipinski, who attended her sister as maid of honor, was gowned in pale yellow brocade satin. She wore a coronet of bronze baby chrysanthemums and carried a cascade bouquet of Talisman roses and white and bronze baby chrysanthemums.

Bridesmaids were Miss Alexandra Sereda, aunt of the bride, and Miss Eugenia Lipinski, sister of the bride. They wore identically styled gowns of pale rose and turquoise, respectively, made with taffeta fitted bodices and net over taffeta skirts. They wore coronets of yellow baby chrysanthemums and carried cascade bouquets of deep and pale pink roses to blend with white and yellow baby chrysanthemums.

Mr. Pat Sereda, uncle of the bride, was best man and Messrs. Francis Meyers of Clover Bar and Ernest Carter, of Wainwright, brother of the groom, were groomsmen.

Mrs. A. Babink sang "Ave Maria," accompanied by Mrs. W. Maday.

Receiving the 125 guests at a dinner and dance at the Macdonald, Mrs. Lipinski, mother of the bride, chose a dress of Clipper blue crepe with black accessories and a corsage of deep red roses. The groom's mother, Mrs. Carter, wore a turquoise blue crepe with black accessories. Her corsage was of deep pink roses.

Autumn flowers decorated the room. The bride's table was laid in white linen and centred with a four-tiered wedding cake surrounded with ferns and flanked by white tapers in silver holders. Vases of autumn flowers completed the decorations.

Master of ceremonies was Mr. J. E. Basarab. The toast to the bride was proposed by Mr. J. Esau.

The newlyweds left on a wedding trip to Banff and will make their home in Calgary. For travelling, the bride wore a French blue gabbardine suit with a pale gold topcoat and brown accessories. A gardenia, Sweetheart roses and white Stephanotis comprised her corsage.

The bride is a graduate in commerce of the University of Alberta.

The groom in this happy event is a former Irma boy, and friends will be glad to know that shortly before his marriage he was promoted to the position of assistant manager of the Tip Top Tailors store in Calgary.

KELLAR-BURTON

The Irma United church, decorated with fall leaves and ferns, was the scene of a quiet wedding on Monday, October 7, at 3:00 p.m. when Constance Edythe, third daughter of Mr. and Mrs. W. A. Burton, of Vancouver, B.C., became the bride of Frank Peter Kellar, of Irma.

Rev. Inglis performed the ceremony.

The bride wore a suit of hero blue with white accessories, and a corsage of pale pink baby mums. Her sister, Gwendolyn, as brides-

maid, wore a navy blue suit with white accessories.

Mr. Edward Haugan was best man.

The happy young couple will leave shortly on their honeymoon.

WORTHING-NEUFELD

The marriage of Miss Amanda Margaret Neufeldt, youngest daughter of Mr. and Mrs. P. Neufeldt, of Irma, and Mr. Allen Frederick Worthing, second son of Mr. and Mrs. George Worthing of Irma, took place Friday, October 4, at 2:00 p.m. in the Irma United church. Rev. H. W. Inglis, B.A., officiated.

Given in marriage by her father, the bride looked charming in a toe-length gown of white sheer, made with a full sweeping skirt, fitted bodice and long full sleeves gathered to bands at the wrists. A large lead design of gold sequins formed a yoke accentuating the neckline. Her full length veil was caught to a coronet of flowers, and she carried a bouquet of red and white roses. The bride's only jewelry was a heart-shaped gold locket the gift of the groom.

Mrs. R. Worthing was matron of honor. Her gown was of aqua blue tulle made with a fitted bodice, lavishly embroidered and a full skirt. She wore a coronet of white flowers and a corsage of pink roses.

Mr. Reginald Worthing, brother of the groom, was best man.

During the signing of the register, Mrs. R. Worthing sang "I Love You Truly," Miss W. Simmerman played the wedding music.

A reception to about 30 guests was held at the home of the bride's parents.

In the evening a wedding dance was held at Crescent Hill school.

Friends presented the newlyweds with a host of gifts. Mr. and Mrs. Allen Worthing replied suitably.

The best wishes of all for a happy and prosperous future are with this young couple as they make their home among us.

A DIFFERENT OBJECTIVE

One of the easiest things man does is to accept a habit. As the various Victory Loan campaigns approached during the war years, about the first question a citizen asked was, "What is the objective this time?" Since money was needed to win the war and to take care of our men and women in uniform, the money objective in each campaign became a challenge to Canadian people.

Naturally, when the new issue of Canada Savings Bonds was announced, men and women promptly asked, "What is the objective this time?" And as they got the answer, "There is no money objective," they were momentarily puzzled. A sale of bonds without a goal to aim at just didn't seem fitting and wasn't easy to understand.

It is literally true that no prescribed sum of dollars is sought during the sale of Canada Savings Bonds which opens on October 15th. This sale was not prompted by a desire to fill up the money bags of the Government treasury. It is being launched to meet the keen desire of thousands of Canadians to continue their program of regular savings inaugurated by the Victory Loan and War Savings Certificate campaigns during the war years.

However there is an objective associated with the approaching sale of bonds to the public. It might be described as the determination of those who are responsible for the sale of bonds in all provinces of Canada that all citizens shall have an opportunity to buy bonds. That is why the story of the canvass of the new Canada Savings Bonds is being so widely told, and why investment dealers and the banks are setting up facilities which will enable citizens to buy, no matter where they may be located.

Put another way, each Canadian sets up his own objective this time. Canada Savings Bonds have been created to help a man help himself.

WARN CAR DRIVERS OF DEADLY FUMES

Guard against the dangers of deadly carbon monoxide. That appeal has been made to motorists by the A.M.A.

Now that the cold season is approaching, there is need of taking every care to protect car drivers and occupants against gas fumes.

It is generally recognized that many old cars are still operating on the highways. In these vehicles the hazards of carbon monoxide obviously are greater than with later models.

When running the car engine in a garage on a cold morning to warm it up before starting on a trip, make certain that one or more car windows are open to admit fresh air. See that means have been provided to counteract poison fumes.

Be on the alert at all times for carbon monoxide, the "stealthy killer." If that sound advice is heeded, there will be fewer fatalities from that cause this year and many heartaches will be avoided.

The A.M.A. is making an appeal to all motorists and others to observe every precaution against carbon monoxide.

NEW FARM IMPLEMENTS

We hear from Australia that the Government has set up a three year scheme for the development of new agricultural machinery. Technical staffs for the testing and the development of new farm machinery have been organized.

This is a move worthy of further development on our part. There is now set up at the Dominion Experimental Farm at Swift Current, an engineering branch that has to do with this very thing, of developing and testing new farm machinery. Similar good work has been going forward under the direction of that most able farm machinery expert, Professor Hardy.

Hardly a month passes but that some farmer develops from his own actual practice, some modification or some idea for better farm machinery, but who lacks the proper facilities for testing out his ideas. It is to be hoped, therefore, that the start made at Swift Current and the good work being done at the University of Saskatchewan will be fully supported and encouraged.

Improved farm machinery will certainly play an important part in reducing the costs of production of wheat and other farm products.—Searle Grain Co. Ltd.

FARMERS NON-DELIVERY STRIKE ENDED OCTOBER 6th

After being in force for a period of thirty days, the farmers' non-delivery strike came to a close officially on October 6.

Opinion is divided as to the success of the strike but the result of the direct action by AFU members remains to be seen. One thing it did do was to bring to the public eye the case of the farmers. Officials of the AFU feel that much good will result in the future.

In any event all farmers and citizens in towns and cities are glad that the non-delivery strike is ended, and marketing of farm products will resume its normal course.

Any bitterness that the strike caused should be forgotten and all work together for the good of the province.

T.B. QUESTIONS AND ANSWERS

Q. For how long would you advise sanatorium treatment?
A. This is an individual matter and cannot be determined except by personal conference with the patient. Much depends upon the extent and character of the disease, its response to treatment, home conditions, finances and other circumstances. A minimum of three months should be allowed for education in the prevention of infecting others and in the methods of treatment.

GENERAL

Q What are Canada Savings Bonds?

A Canada Savings Bonds are the successor to Victory Bonds and War Savings Certificates. They are your country's promise to return your money to you at any time and to pay you interest at an attractive rate.

Q Why are Canada Savings Bonds being offered?

A Because during the war, millions of Canadians learned the savings habit by buying Victory Bonds and War Savings Certificates. A recent survey shows that 82% of them want to keep on saving by a similar plan.

Q Is the Government selling Canada Savings Bonds just to raise money?

A No. Borrowing needs of the Government can be met by other types of loans. The main purpose of the Canada Savings Bonds is to provide Canadians with a convenient way to continue this kind of saving and investment in peacetime.

Q Is there any limit to the amount of Canada Savings Bonds that one person may hold?

A Yes. There is a limit of \$2,000 for each individual, but each member of a family may hold bonds up to the limit.

Q What is the price of Canada Savings Bonds?

A 100%. That is, a \$100 bond costs \$100. If payment is not completed on or before November 15th, 1946, interest will be added to the purchase price.

Q In what denominations are Canada Savings Bonds available?

A \$50, \$100, \$500 and \$1,000.

CASHING OF BONDS

Q Can I cash my bond at any time before November 1, 1950?

A Yes, any branch in Canada of any chartered bank will cash your bond immediately at full face value, plus interest at 2%, upon your identification as the registered holder.

Q Can Canada Savings Bonds be assigned or transferred?

A They can be cashed, but not assigned or transferred. This is necessary to prevent any individual from acquiring more than the authorized limit.

INTEREST COUPONS

Q What interest is paid on Canada Savings Bonds?

A 2%—payable yearly on November 1st from 1947 to 1950, by coupon cashings without charge at any branch in Canada of any bank.

Q Are interest coupons registered?

A No. They are payable to bearer.

REGISTRATION PROTECTION

Q Why is it necessary to register Canada Savings Bonds?

A Registration gives protection in case your bond is lost, stolen or destroyed. It is also the simplest way to ensure that individuals do not hold more than the \$2,000 limit.

Q In whose name can Canada Savings Bonds be registered?

A They can be registered only in the name of one individual, adult or minor, up to the amount of the authorized limit.

Q Can Canada Savings Bonds registered in the name of a child be cashed?

A Yes. Banks are familiar with the necessary regulations.

Q Can Canada Savings Bonds be disposed of when registered in the name of a deceased person?

A Yes, any bank will supply the necessary information.

Q Can I replace my Canada Savings Bonds, if they are lost, stolen or destroyed?

A Yes. It is wise, however, to keep Canada Savings Bonds in a safe place, as you would any other valuable documents. In case of loss you should immediately notify the Bank of Canada, Ottawa, of the circumstances.

Q Where can I buy Canada Savings Bonds?

A At any branch of a bank or from an authorized investment dealer, stock broker, trust or loan company—or through the payroll savings plan if this is in operation at your place of employment.

Q How do I pay for Canada Savings Bonds?

A In any of the following 3 ways:

1. By payment in full at time of purchase.

2. By monthly instalments through a bank, trust or loan company.

3. By regular deductions from pay, where employers operate the Payroll Savings Plan.
